Welcome to Our Site

If you would like to know more about what our Virginia based allergy asthma medical practice does, please browse our new web site. Learn about our Hampton Roads offices, doctors, medications, and other informative information.

Our physicians are specifically trained to treat allergic rhinitis (hay fever), asthma, and other allergy-related diseases. This requires 3 years of training and Board Certification in Pediatrics or Internal Medicine, plus a 2 year Fellowship training in Allergy and Immunology and Board Certification by the American Board of Allergy and Immunology.

To keep up with all of the advances in the field of allergy, all of the physicians in our group belong to the American Academy of Allergy, Asthma, and Immunology, the Virginia Allergy Society, and other state national, and international medical organizations.

We cannot respond to emails regarding medical care. If you have a question regarding medical care, please contact one of our offices to make an appointment.

Meet Our Physicians

Dr. Gregory G. Pendell

was raised in Midland, Michigan. He received his BS from Michigan State University and received his MD from the Michigan State University College of Human Medicine.
