The vision is simple... to enhance the lives of all with whom we come into contact with. If it is an adult with mental retardation or a child who has ADD. We stand fast in our belief that everyone deserves and needs to belong, to be loved, to be treated with dignity and respect, to be self directing, and to be recognized for his or her inherent value as a unique person.

We are here to help. We offer many services.

"Our deepest fear is not that we are inadequate. Our deepest fear is that we are powerful beyond measure. It is our light, not our darkness that most frightens us. We ask ourselves, who am I to be brilliant, gorgeous, talented, fabulous? Actually, who are you not to be? You are a child of God. Your playing small does not serve the world. There is nothing enlightened about shrinking so that other people won't feel insecure around you. We are all meant to shine, as children do. We were born to make manifest the glory of God that is within us. It's not just in some of us; it's in everyone. And as we let our own light shine, we unconsciously give other people permission to do the same. As we are liberated from our own fear, our presence automatically liberates others."
