Did You Know?

Making sure your colon is operating as normal is important to colon health. Regular doctor visits can find any evidence of problems and get them taken care of at the same time. Your colon contracts an average of fourteen times a minute, if it's healthy. This helps the food move throughout the body. At the same time, the contractions allow your body to get the nutrients from the food as well.

NORFOLK OFFICE
400 Gresham Drive, Suite 303
Norfolk, VA 23507
Ph: (757) 627-6416
