## **Welcome to JBC CORP**

***Successful medical missions require the right people, the right training and the right supplies. You have the right people, we can do the rest!***

JBC Corp Is a Service Disabled Veteran Owned Small Business established in 2006 by a retired military member who during his 29 year career, served with Special Operations as both an operator and corpsman.

These experiences helped build a solid base of knowledge and experience that is used to aid those who are confronted with the special needs and challenges presented in administering Tactical Combat Casualty Care as well as effective "Sick Call" management.

At JBC Corp, we constantly strive to improve our products by listening to the end user and when needed, consulting with a variety of professionals that include engineers, physicians, and medical science researchers.

**Our mission is to serve our customers by cultivating ideas that perpetuate positive change.**
