Welcome to KITCO Fiber Optics

KITCO Fiber Optics is a leading provider of fiber optic connectorization products and consulting services to the military and commercial communications industry. We specialize in the design and fabrication of fiber optic tools, tool kits and custom cable assemblies; producing private label kits for a number of

major connector manufacturers and selling our own broad line of products; field services providing on-site termination, splicing, troubleshooting and testing support, and hands-on training and certification programs.

We are considered to be fiber optic connectivity experts to the defense industry and for over 10 years have customized our products and services to meet strict military standards.
