Saving energy for businesses, commercial, home-residential, military and the U.S. government.

Welcome to Myriad Greeyn

Myriad Greeyn is an environmental and energy management company. We strive to save people money and reduce their carbon footprint through innovative products and creative ideas. Our goal is to aid in the reduction of energy costs and reduce Carbon emissions. The products Myriad Greeyn sells and distributes are patented, tested and certified.

The Y in Greeyn Represents YOU

Everyone wants to do their part in reducing unneeded carbon emissions that dramatically add to the earth's natural carbon cycle, but sometimes the effort and expense are too great. Myriad Greeyn provides individuals with the ability to do their part with minimal effort and expense.

We also welcome any potential opportunities to distribute new, tested and approved products and welcome ideas that serve the common purpose of helping the earth and all who call it home.
